

2011 CTA CONFERENCE KIOSK TECHNOLOGY

Presented by Rodney Kueffer
Missouri Dept. of Corrections

In the beginning...

- ❖ Started the kiosk project in 2001
- ❖ The next logical step was to allow offenders to order commissary items from the kiosk.

Why...

- ❖ Reduce staff workload
- ❖ Expanded hours of service to offenders
- ❖ Streamline the canteen process
- ❖ Increase institutional security
- ❖ Reduce contraband passed thru the canteen
- ❖ Increases canteen profits
- ❖ The infrastructure was already in place

Problems we encountered...

- ❖ How would the offender select an item
- ❖ What happens when an item changes
- ❖ Educating a revolving door of offenders on how to use the application
- ❖ Securing the application and the network

Solutions we came up with...

- ❖ Developed a unique product number system
- ❖ Utilize institutional TV channel to show "how to" videos
- ❖ Utilized the same technology employed in our kiosks for POS

Technology...

- ❖ IBM i/os computing platform
- ❖ IBM WebSphere Application Server
- ❖ DB2 for i relational database
- ❖ Linux operating system on a thin client
 - ❖ Operating software and drivers reside on a flash drive

Components...

- ❖ Kiosk Enclosure

 - ❖ KIS KW613 wall mount unit

- ❖ Processor

 - ❖ Via EPIA-LNI000EaG mini-ITX

- ❖ Monitor

 - ❖ Elo Intellitouch 15" LCD 1537L

Kiosk Features...

- ❖ All metal cabinet; no plastics, fiberglass, or composites
- ❖ Stainless steel fronts
- ❖ Powder coated exterior
- ❖ Dual security locks
- ❖ No keyboards, all applications are touch
- ❖ Wall mount, all wires are secure

Pin Numbers...

- ❖ 4 digit numbers
- ❖ Distributed via the canteen
- ❖ Scratch off material secures pin number
- ❖ Updated hourly
- ❖ Same pin number is used for phone calls
- ❖ Caseworker can assign pin number

Current offender applications...

- ❖ Banking Services
- ❖ Telephone Services
- ❖ Canteen Services
- ❖ Pin Services

Current staff application...

- ❖ Debit Card Release

Current P & P field applications....

- ❖ Supervision Fees Account Summary
- ❖ Supervision Fees Payment Module

POS Features...

- ❖ Banking Integration
- ❖ Inventory Integration
 - ❖ Allows you to track inventory, or not
- ❖ Order Validation
- ❖ Blind Pick
- ❖ Isle/Bin Functionality
- ❖ Comprehensive Rule Engine

POS Features...

- ❖ Offender Organizational Sales
- ❖ Departmental Fundraisers
- ❖ Religious Events
- ❖ Coupons/Security Receipt Tape
- ❖ Tracks Appliance Serial Numbers
- ❖ Centralized Enterprise Solution
- ❖ Expandable (taxes, surcharges, etc.)

Future Applications...

- ❖ Purchasing product or services from outside vendors.
- ❖ Medical Service Request
- ❖ Probation & Parole Field Offices
 - ❖ Check in
 - ❖ Update Information
- ❖ Tracking Offender Property
- ❖ Automating Canteen Inventory Management
- ❖ Virtual Post Office
- ❖ Creating an Andriod/PDA device

Statistics...

- ❖ Currently have 499 kiosk units state-wide
- ❖ ROI, less than 1 year
- ❖ Each offender uses a kiosk approximately 40 times each month
- ❖ Depending on functionality, a ratio of 1 kiosk to every 100 offenders seems to work best

Technology Partners...

- ❖ Huber & Associates

- ❖ Kiosk Information Systems
